

3.0 PRICING for SHORT-TERM POINT-TO-POINT (ST PTP) SERVICE

In this section:

This section describes BC Transmission Corporation’s (BCTC) pricing methodology for ST PTP service.

3.1 ST PTP Pricing

The price for ST PTP Firm and Non-Firm Transmission Service to a load serving point within BC will be the maximum price as defined in Schedule 01 of BCTC’s Open Access Transmission Tariff (OATT).

For export and wheel-through transmission services, the price for ST PTP Firm and Non-Firm Transmission Service is:

- 1) for hourly delivery: \$3/MW per hour in Heavy Load Hour period (06:00-22:00, Monday – Saturday, excluding NERC holidays) and \$1/MW per hour in Light Load Hour period (22:00 – 06:00, Sunday and NERC holidays);
- 2) for daily delivery : \$56/MW per day, Monday – Saturday, excluding NERC holidays; and \$24/MW per day, Sunday and NERC holidays;
- 3) for weekly delivery: the maximum weekly price as defined in Schedule 01 of BCTC’s OATT; and
- 4) for monthly delivery: the maximum monthly price as defined in Schedule 01 of BCTC’s OATT.

All prices are in Canadian currency.

Document Change History

Issue	Reason for Issue	Date
4	Updated template.	July 2, 2010
3	Implement new ST PTP Rate design	January 14, 2010
2	Update procedures	August 6, 2008
1	OATT Implementation	March 1, 2006
